

Our Church and Location:

NSAC began with a core group of women in the 1950's as an outreach to children; over time this outreach became a church. We settled in our current location in 1988 and continue to value and prioritize our ministry to children and youth. Along with ministry to families from our church, we coordinate and run summer camps that are a welcoming place for local children and youth to join in.

We are a church committed to worship and prayer, to preaching the Scriptures, small group discipleship, and engaging in mission within our city and around the world. Over the years we have become an intergenerational, multi-ethnic church that spans the socio-economic spectrum. We are a church that is committed to developing leaders who can participate in Christ's kingdom purposes.
